

## PPG Tips February 2016

Christmas and New Year all gone, Winter nearly finished and Spring fast approaching its all go with most pool companies preparing for the onslaught of the Domestic Pool Season.

Its been a tad unseasonably warm and wet over the past few weeks, so with that in mind, please contact or pop round to see the customers who have had their pools winterised, the chlorine levels are likely to have dropped a lot quicker than normal. It will take 10mins to test and top it up but it will save a lot of problems and time when you come round to open up the pools in the next couple of months!

## PPG Seminar Success

We would like to thank all of the customers that attended the PPG Seminar held at Whittlebury Hall on the 27<sup>th</sup> November, the feedback has been fantastic and the new format very well received. Below are some of the responses to our questionnaire following the event.

- "Great Format" – Shelley @ Rio Pools Construction Co.Ltd
- "Good level of information and pace" – Catherine @ Barnet Pool Maintenance Ltd
- "I thought the idea of the day was great as it gave you time to reboot between talks so you didn't switch off" & "Thanks for a great day and evening" – Clair @ Tanby Leisure Products Ltd
- "Value for money was good" & "I loved the venue and tying it in with other events going on at the hotel was genius" – Tom – CRF Swimming Pools

## October Halloween competition

Thank you for your entries we have deliberated and discussed here at the office. The result of the PPG vote is:

**Roy and Stephanie Howard of Howards Hydrocare Ltd.** They impressed the judges with their amazing effort with costumes and make up. They will be receiving a voucher for Cineworld soon.

## Spatex

Spatex was a resounding success particularly Sunday with the greatest number of visitors on the stand we embraced technology and "zapped" customers as they visited the stand allowing us to collate the information quickly and efficiently.

We had a competition/treasure hunt with visitors having to answer questions on many of the items displayed, a great way to introduce the varied range of products we have in our New PPG Catalogue.

The Prize draw was carried out by Ashleigh Mackenzie from Pool and Spa Scene on the Tuesday afternoon and the lucky winner was:

**Catherine Reid from Barnet Pools.** We look forward to seeing some of Catherine's fabulous photos of her visit!

Our very own Peter Turnbull teamed up with Harry from Ocean Pools to enter the SPATEX Big Competition judged by Chris Carr,

John Asher and Phil Barlow. They didn't win First prize but enjoyed the experience none the less!

## **NEW 2016 PPG Catalogue**

The new PPG catalogue was launched at SPATEX in Coventry.

If you didn't receive one at the SPATEX show and would like one sent out soon then please forward an email request to:

[sales@polletpoolgroup.co.uk](mailto:sales@polletpoolgroup.co.uk).

It is also available for download on the website :

[www.polletpoolgroup.co.uk](http://www.polletpoolgroup.co.uk)
